Membership Types (Explained)

The V2 membership guarantees you a space in the class every week. Players who sign-up as a V2 member receive an online report card at the end of the term. The per-class price is also cheaper.

The Drop-in membership offers players flexibility to come and go as they wish*. However, there is no online report card offered with this membership and - depending on V2 member numbers - you may not get into the class each week.
